

Scatter plot showing error rates (Y-axis, 0 to 100) over time (X-axis, minutes, 0 to 120). The plot is divided into two main sections by a vertical line at 60 minutes, indicating a break in time. The left section is labeled 'Thu 15:30' and the right section is labeled 'Fri 02:22'. The legend indicates that red dots represent 'incorrect / changed' and green dots represent 'correct / changed'. The plot shows a high concentration of errors in the first 10 minutes of both sessions, followed by a period of low error rates. A 'rest 39 minutes' period is indicated between 60 and 99 minutes, and a 'rest 44 minutes' period is indicated between 99 and 143 minutes.
