

Scatter plot showing the number of correct and incorrect answers over time for a 120-minute test. The x-axis represents minutes (0 to 120), and the y-axis represents the number of answers (0 to 100). Red dots represent incorrect or changed answers, and green dots represent correct or changed answers. Vertical lines mark the start of the test (0 min), the end of the test (120 min), and the rest period (90 min). Annotations indicate the time taken for each section: Fri 13:02, Sat 04:34, and rest 119 minutes.
