

Scatter plot showing the distribution of time to failure (minutes) for 100 trials. The x-axis represents time in minutes (0 to 100), and the y-axis represents the trial number (0 to 100). The legend indicates that red dots represent 'incorrect / changed' and green dots represent 'correct / changed'. A vertical red line is at 28 minutes, and a vertical blue line is at 58 minutes. The text 'rest 44 minutes' is written vertically between the two vertical lines.
