

Scatter plot showing the number of correct and incorrect answers over 65 minutes. The y-axis represents the number of answers (0 to 100) and the x-axis represents time in minutes. Red dots indicate incorrect or changed answers, while green dots indicate correct or changed answers. A vertical blue line marks the start time at 04:42. The data shows a steady increase in correct answers over time, with a sharp rise in incorrect answers after 60 minutes.
